## 1. Functionality of the license codes

The software can only be activated by entering a Sitekiosk license code. The license code contains information on how many licenses and which set of functions will be enabled.

Each registration process will verify the licensee's information by sending a notification to PROVISIO's license tracking server. The data will not be passed on to any third party. However, PROVISIO shall reserve the right to take legal action against the licensee in any case of license abuse and infringement.

## 2. License Rates / Warranty

All prices are net in U.S. Dollar plus sales tax if applicable. PROVISIO offers a 30-day return policy on hardware based on manufacturer return policies which is subject to change and error. Customers can test the all the features of the software prior to purchasing.
